BATTERY INFORMATION

To remove or insert replaceable batteries, remove safety screw from battery compartment door. Lift and remove door. Take out and safely dispose of old batteries. Follow polarity diagram inside compartment to insert three new batteries of any of the following types: AG10, LR1130 or equivalent. Alkaline batteries are recommended. Place battery compartment door back and secure safety screw. Do not use excessive force or an improper type or size of screwdriver.

CAUTION

To ensure proper safety and operation, battery replacement must always be done by an adult. Never let a child use this product unless battery door is secure. Keep batteries away from small children and immediately dispose of any used batteries safely.

GENERAL SAFETY AND CARE

- Rechargeable batteries are not to be used in this product.
- Non-rechargeable batteries are not to be recharged.
- Do not mix old and new batteries.

Prince and Princess POTTY TIME

Prince and Princess

POTTY TIME

No more diapers for Prince and Princess.
From now on they will use the toilet.
But... it is such a big toilet.

Luckily, Princess remembers their potty.
Prince pulls it from the cupboard
so that it is nearby when they need it.

While playing with their trains, Princess hears
a rumbling sound from Prince's tummy!
It is potty time.

A little scared, Prince sits down on the potty.
Yeah, he is doing it! But he must hurry,
Princess needs to use the potty too.

They did it. Prince and Princess both used the potty.
What an achievement!
Before long they will be using the big toilet.
