BATTERY INFORMATION

To remove or insert replaceable batteries, remove safety screw from battery compartment door. Lift and remove door. Take out and safely dispose of old batteries. Follow polarity diagram inside compartment to insert three new batteries of any of the following types: AG10, LR1130 or equivalent. Alkaline batteries are recommended. Place battery compartment door back and secure safety screw. Do not use excessive force or an improper type or size of screwdriver.

CAUTION

To ensure proper safety and operation, battery replacement must always be done by an adult. Never let a child use this product unless battery door is secure. Keep batteries away from small children and immediately dispose of any used batteries safely.

GENERAL SAFETY AND CARE

- Rechargeable batteries are not to be used in this product.
- Non-rechargeable batteries are not to be recharged.
- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc), rechargeable (nickel-cadmium) or different types of batteries.
- Only batteries with the correct polarity are to be inserted.
- Exhausted batteries are to be removed from the toy.
- The supply terminals are not to be short-circuited.
- Prevent the book and unit from getting wet and avoid exposure to excessively hot and cold temperatures.
- Remove batteries when not in use or discharged.

Prince and Princess READY FOR BED

Prince and Princess

READY FOR BED

Outside, the sun sets and stars fill the sky.
Prince and Princess put their toys away.
It is time for bed.

Prince and Princess put on their pyjamas.
Then they comb their hair and brush their teeth.
They are almost ready for bed.

In bed, Prince tells a funny story and Princess giggles.
They yawn, close their eyes and fall asleep.

Princess is startled when Prince calls out.
He is having a bad dream.
Princess quickly gives him his teddy.

Prince and Princess snuggle up close to their cuddly toys. Soon, they are both fast asleep, dreaming happily.
