EDICIONES

We are an independent publishing house dedicated to nourishing children's love of reading.

Sharing enthusiasm for reading from the very first months of a child's life helps them to develop critical cognitive abilities and interpret the world around them. We derive our greatest pleasure from the knowledge that we are contributing to a well-rounded education for our young readers. It is what inspires and drives us to take on new challenges.

Lecturita Ediciones one big adventure, just like the unique adventures you'll find in our books, offering a wonderful opportunity to grow up together.
