

Fairy Tale Sound Book

THREE LITTLE PIGS

The first little pig built a house of straw.
The second little pig built a house of wood. Both houses
were quick to build, but neither were very strong.

The wolf didn't give up, one way or another he would get into the house. He climbed to the roof and went down the chimney. With one big splash, he fell into the pot of boiling water the three little pigs had put on the fire for tea.
